## **REMARKS**

In checking the status of the present application on the USPTO online Patent Application Information Retrieval (Private PAIR), the undersigned attorney became aware that there is an Official Action issued on January 10, 2005. However, as of today, February 23, 2005, the undersigned attorney has not received the Official Action. This has been verified by checking the attorney's file and the docketing system which docket all Official Actions that have been received.

Therefore:

(A) this request is filed within two weeks of the date of receipt of the Official Action at the correspondence address;

(B) a substantial portion of the set reply period had elapsed since the date of the Official Action; and

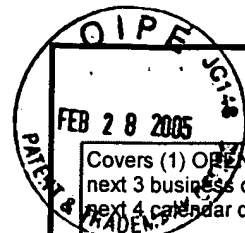

(C) there is no evidence showing the date of receipt of the Official Action at the correspondence address because it still has not been received.

Since it has been more than one month from the date of the Official Action of January 10, 2005 and since the applicant still has not received a copy of the Official Action, it is requested that the Patent Office issue a new Official Action in which the term for response is reset.

Respectfully submitted,
